

## **Construction Update for the Week of April 9**

Water service transfers will continue on Main Street south of Washington Street next week. Transferring water service from the old water main to the new water main is anticipated to require less than a two-hour disruption. Please notify Dan Crosson at (847) 417-4216 if you have concerns or requests regarding the days and times of service disruptions.

Old Town construction crews will also continue electrical work on North Main Street.

Red decorative bricks and curbs will be modified and removed to allow traffic on Main Street to remain open during upcoming construction. The commemorative bricks will be removed and further direction on their use will be communicated shortly. In the meantime if you would like to collect your brick, please contact Dan Crosson at (847) 417-4216.

Detour maps and construction updates can be found on the project website at [www.OLDTOWNALGONQUIN.ORG](http://www.OLDTOWNALGONQUIN.ORG). You can contact the construction team or attend the next **Coffee with the Contractor** on April 20 from 9:00 – 10:00 am at the Historic Village Hall if you have any questions or concerns.
