

Construction Update for the Week of October 14

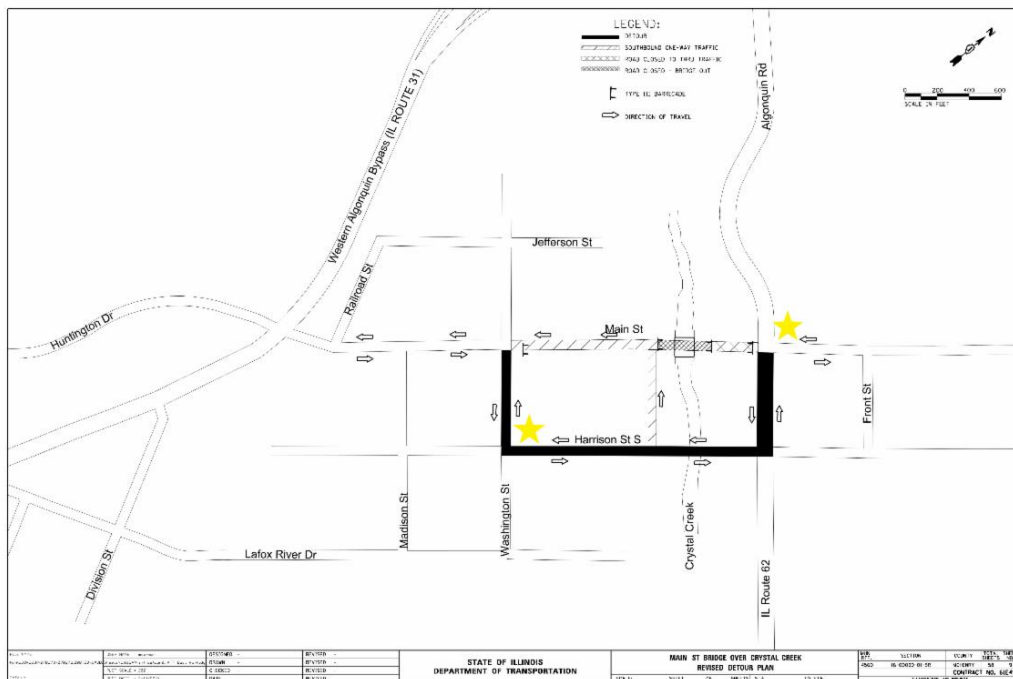

Last week, brick pavers were installed, completing the finishing touches in the parking stalls between the bridge and Algonquin Road.

On Thursday, crews were able to pour the final layer of concrete on the roadway with the placement of the steel archway to follow.

Crews are targeting Oct. 16 to reopen Main Street at Algonquin Road to southbound traffic. Stay tuned!

The current detour impacting the section of Main Street south of Algonquin Road remains in place until the roadway reopens. As a reminder, **public parking is available** along Main Street south of the bridge or in the parking lots located behind Bold American Fare Restaurant or at the corner of Harrison and Washington streets. The parking lot located behind Bold American Fare can be accessed directly from IL 62.

**For more information and the latest detour map, visit the
Old Town project website.**
