

## Construction Update for the Week of November 11

Last week, crews installed the new archway over the bridge on Main Street. This beautiful steel archway adds a nice welcoming touch to the entrance of the historic downtown district.

This week, contingent on weather, crews hope to complete striping south of Algonquin Road. Toward the end of the week, the contractor also anticipates the delivery of the AT&T enclosure structure. This cabinet like structure will store and protect electrical equipment from the environment.

### **Time to Celebrate!**

The Village will host a Ribbon Cutting Ceremony on Nov. 19 at 6 pm to celebrate the completion of the Old Town Algonquin Revitalization Project. The public is invited to attend the ceremony at the Historic Village Plaza under the majestic holiday lights and visit stores and restaurants in the Old Town Business District before and after the event. Local businesses and merchants are hosting open houses and special offers.
