

Construction Update for the Week of March 18

If you are visiting your favorite business on Main Street, take a stroll and check out all the amazing work that has been completed or watch as crews continue working on the demolition of the bridge over Crystal Creek.

Work also continues this week on the installation of the new sanitary sewer infrastructure on the north section of Main Street.

Please share the detour map, which can be found on the [project website](#), with your customers, employees and delivery drivers. As a reminder, the village parking lot at Harrison and Washington streets is available for workers, businesses and visitors.

For more information and the latest detour map, visit the [Old Town project website](#).
