

Construction Update for the Week of September 23

Crews are focused on transforming the section of Main Street between the bridge and Algonquin Road. New brick pavers will be installed on the west side of Main Street along with new curbs and gutters. The roadway in this section is also being graded in preparation for new pavement to create a safe and smooth entrance into Old Town.

Join Village Staff and the construction team on Wednesday, Sept. 25 at 9 a.m. at Historic Village Hall. The contractor will provide updated information about the bridge reopening timeline and access for pedestrians.

The current detour impacting the section of Main Street south of Algonquin Road remains in place during bridge construction. As a reminder, **public parking is available** along Main Street south of the bridge or in the parking lots located behind Bold American Fare Restaurant or at the corner of Harrison and Washington streets. The parking lot located behind Bold American Fare can be accessed directly from IL 62.
