

Construction Update: February 13

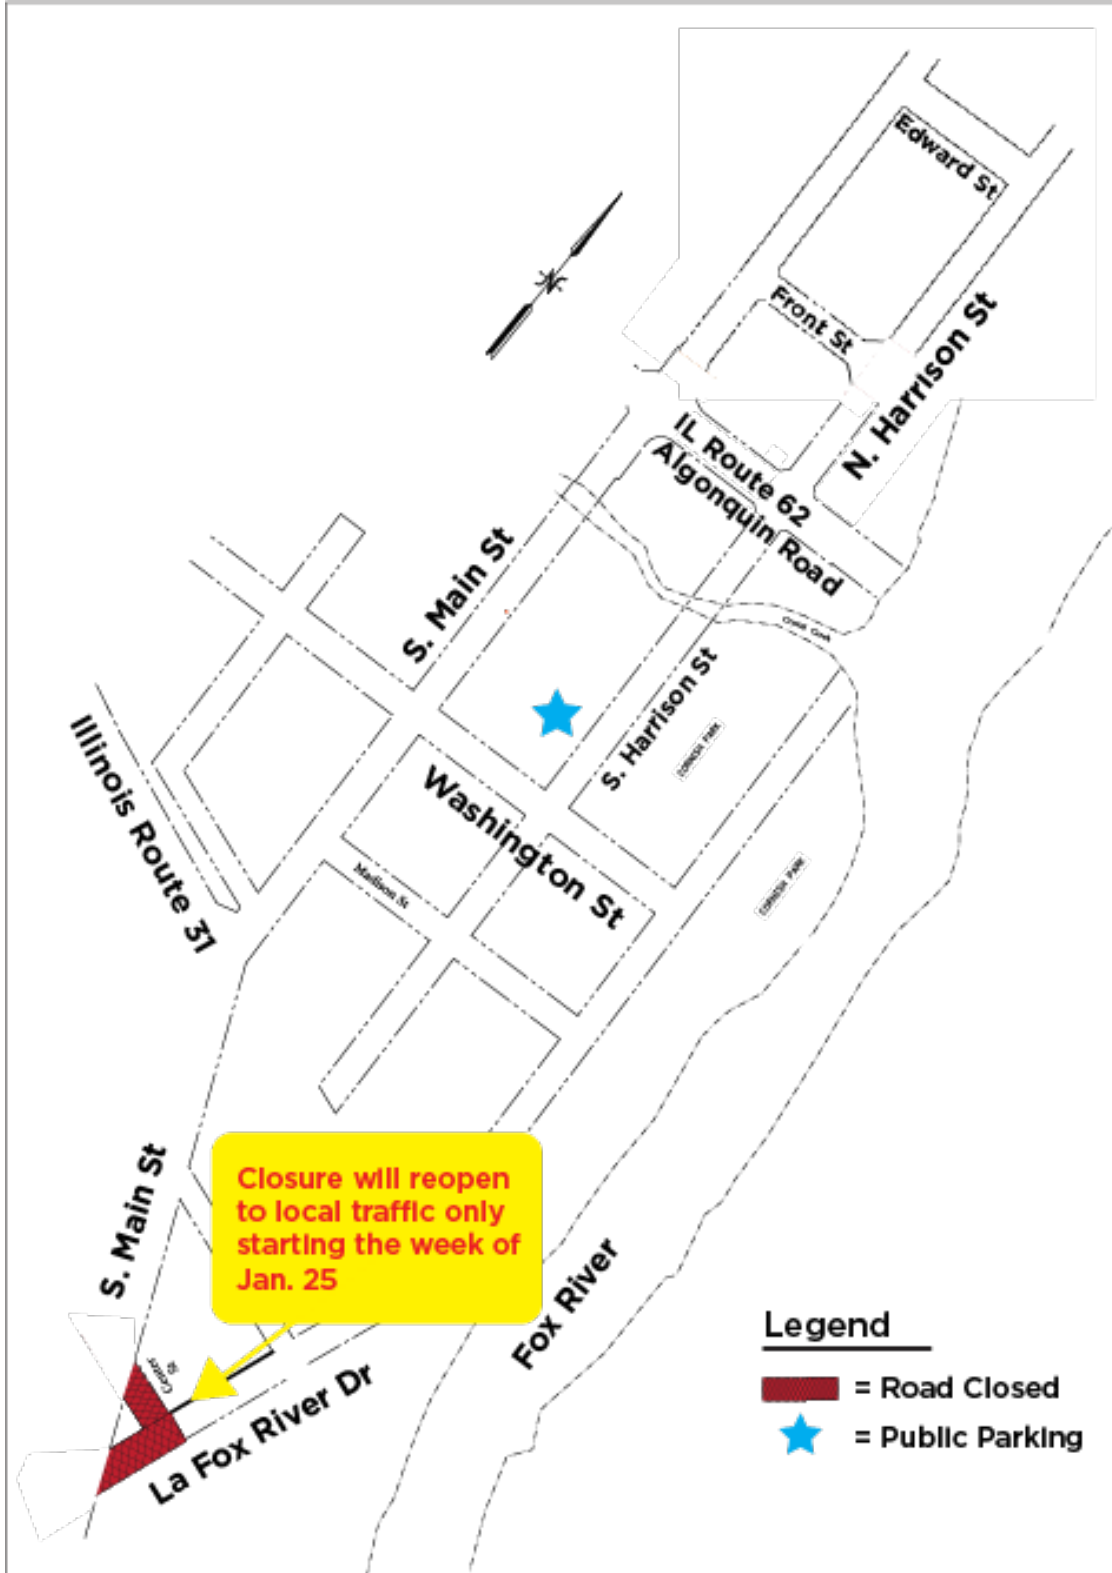

This week, crews completed the demolition of the existing Riverfront Lift Station just north of Port Edwards. As weather permits, the following work will be completed:

- The masonry contractor will place the exterior brick on the Generator Control Building.
- The electrical contractor will install the final equipment associated with the Lift Station and the Generator Control Building, this work will continue for the next few weeks.
- The contractor anticipates initial startup and testing of the Lift Station and Generator Control Building to be in the beginning of March.

Detours and Closures

La Fox River Drive between RT 31 and Center Street as well as Center Street north of La Fox River Drive **will reopen to local traffic only starting next week.**

Please refer to the map below to detour around the closures. Thank you again for your continued cooperation and patience.
