

Construction Update: September 26

This week, crews restored the roadway at the intersection of Algonquin Road and Main Street and reopened it to traffic. On La Fox River Drive, the construction team continued installing the final sanitary sewer service laterals* and removed the temporary dewatering wells.

Next week, ComEd will relocate utilities at the intersection of Washington and Harrison streets. Our crews will work to complete the sewer and water main installation from the north side of Crystal Creek to Algonquin Road.

At the end of the week, crews will begin removing curb, sidewalk and driveway aprons** along La Fox River Drive as they prepare to replace them. Crews will provide temporary gravel ramps so residents can maintain access to their driveways.

*The pipe connecting a residence or business to the main sewer line.

**The approach where the road and driveway meet.

Detours and Closures

- The detour along La Fox River Drive and Washington Street remains in place.
- La Fox River Drive from north of Madison Street to the Fox River is closed.
- Washington Street from La Fox River Drive to south of S. Harrison Street is closed. The intersection of S. Harrison and Washington streets remains open.

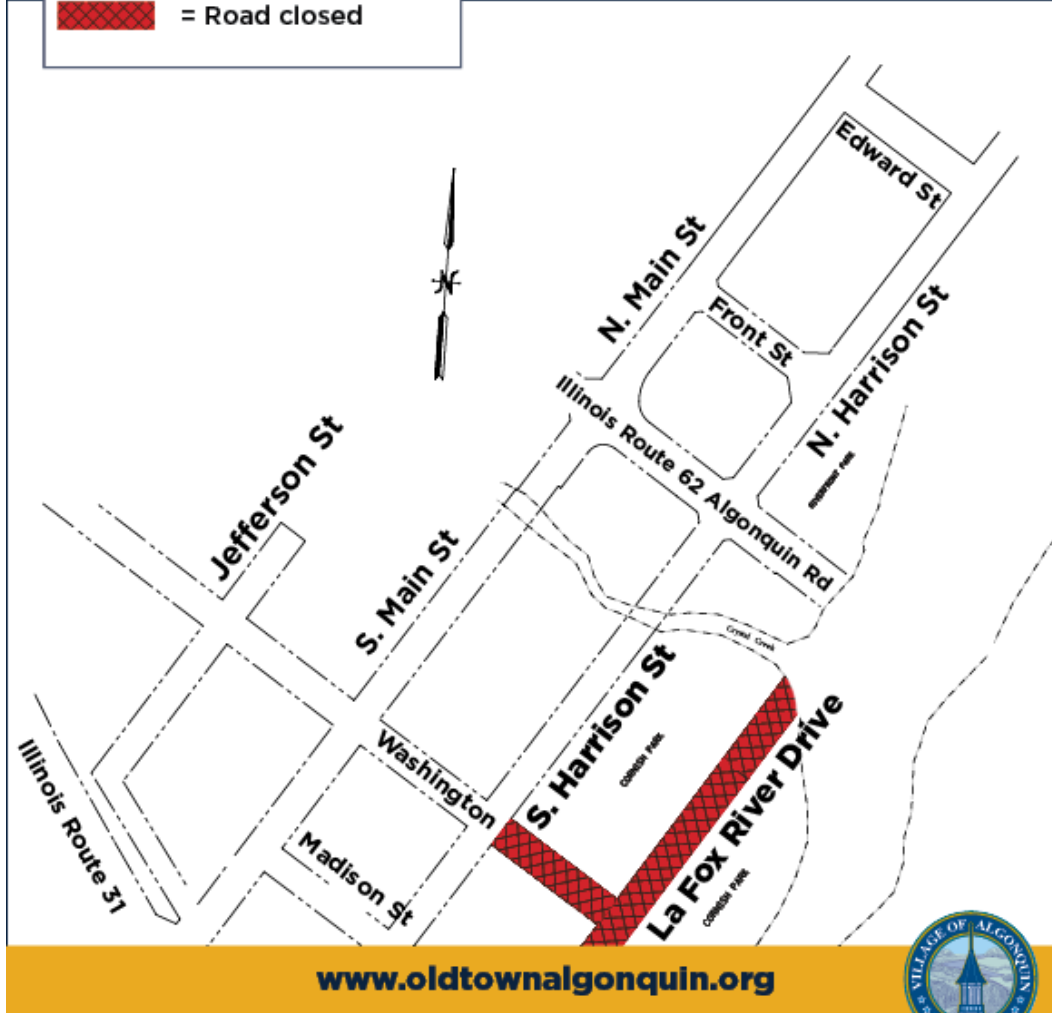

Please refer to the map below to detour around the closures. Thank you again for your continued cooperation and patience.
